Heroes are Hard to Find - Mike Looney 2004-04-26
Through the magic of the mysterious Mac Swindell, Stormy Weathers, a crusty, brawling, womanizing but aging ballplayer, returns to his old high school in Dallas, Texas, disguised as Cal Lucas, 18-year-old baseball phenom. His mission: to not only redeem his one athletic failure before reclaiming his lofty status as a big league star but also establish contact with his mother, who inexplicably abandoned him as a small child. Stormy's rigid defiance of his new coach and of his moral, upstanding ways softens as Stormy, the old pro, ultimately discovers the true meaning of competition, friendship and even love from a bunch of amateurs. An epic showdown ensues between two relentless adversaries: Mac, backed by his mystical powers and a vested interest in Stormy's commitment to the unfair advantage; and Stormy, driven by his indomitable will and newfound ways. What happens when Stormy makes the ultimate sacrifice provides for a shocking and heartrending climax.

Excerpt: Rumours is the eleventh studio album by British-American rock band Fleetwood Mac. Largely recorded in California during 1976, it was produced by the band with Ken Caillat and Richard Dashut and was released on 4 February 1977 by Warner Bros. Records. The record peaked at the top of both the main United States Billboard chart and the United Kingdom Albums Chart. "Go Your Own Way," "Don't Stop," "Dreams," and "You Make Loving Fun" were released as singles. A Grammy Award winner, Rumours is Fleetwood Mac's most successful release with sales of over 40 million copies worldwide. The band wanted to expand on the commercial success of the 1975 record Fleetwood Mac, but struggled with relationship breakups before recording started. The Rumours studio sessions were marked by hedonistic behaviour and interpersonal strife between Fleetwood Mac members; these experiences informed the album's lyrics. Influenced by pop music, the record's tracks were recorded using a combination of acoustic and electric instruments. The...

Fleetwood Mac - Richie Unterberger 2017-01-01 This is the first-ever complete, illustrated history of Fleetwood Mac, the legendary band that has sold more than 100 million records worldwide. Required reading for fans. From this British-American band's blues origins in the 1960s to its pop superstardom in the 1970s and 1980s to its 2015 reunion, Fleetwood Mac has endeared itself to audiences worldwide. Fleetwood Mac: The Complete Illustrated History covers the band's illustrious career, highlighting details that will surprise even the most loyal fans. With a career that began fifty years ago and yielded seventeen studio albums, Fleetwood Mac has had a rollercoaster career, detailed here through a carefully researched text and myriad photographs and memorabilia, including some rare and little-seen items. The band's most popular lineup includes drummer Mick Fleetwood, bassist John McVie, keyboardist and vocalist Christine McVie, guitarist and vocalist Lindsey Buckingham, and singer Stevie Nicks, but its members have shifted over the years since Fleetwood Mac began in 1967. And although the band's superstar phase in the 1970s is most familiar to the public, Fleetwood Mac's roots were in the blues, and the band evolved in fits and starts before finding popular success. Fleetwood Mac: The Complete Illustrated History documents their entire story, including the troubled circumstances that led to the 1970 withdrawal of the band's original guitarist, Peter Green, as well as the broken marriage of John and Christine McVie and the romantic breakup of Stevie Nicks and Lindsey Buckingham that threatened to split the group even as they were recording one of the biggest albums of all time, Rumours. This is the whole story of one of rock and roll's greatest bands.

The Depiction of Poland and Poles in The Daily Telegraph, 2007-2010 - Dorota Kokowicz 2019-01-17 A country’s distinct image is directly related to its recognisability in the international arena and, as a result, greater potential for influencing other countries and global affairs more effectively. In fact, a country’s image exerts an effect not only on the perception of this country abroad, but also on attitudes to whatever concerns the country—its products, services and places, as well as its residents. This book explores the image of Poland as constituted by articles published in the online version of The Daily Telegraph from 2007 to 2010. Therefore, this investigation answers the questions of how one of the most influential British newspapers was depicting a certain section of the Polish reality and, consequently, of the elements that were usually foregrounded and of the way in which they were presented to the readers. Firmly grounded in the context of an outline of PR measures adopted by the Polish administration in the years 2007-2010, the study also
indicates the extent to which the image of Poland as portrayed in the online version of the British newspaper reflected the Polish government’s PR objectives of that time.

Lost in Music: Avron Levine White 2016-04-14 This collection of essays, first published in 1987, provides a sociological treatment of many musical forms – rock, jazz, classical – with special emphasis on the perspective of the practising musician. Among the topics covered are the legal structures governing musical production and the question of copyright; recording and production technology; the social character of musical style; and the impact of lyrical content, considered socially and historically.

The New Rolling Stone Album Guide: Nathan Brackett 2004 A reference guide to the decade's top trends, performers, and sounds, reviews the most influential albums, provides biographical overviews of key artists, and considers how technology and the Internet have impacted the industry.

Chicken Soup for the Nurse’s Soul: Second Dose- Jack Canfield 2012-08-14 Most people don't become nurses because of the pay, working conditions, or the convenient hours. Men and women become nurses because they want to make a difference in the lives of others through the use of their compassionate skills and hard work. Chicken Soup for the Nurse’s Soul, Second Dose, underscores why nurses enter the profession . . . and why they stay.

**A Call to Heroism**-Peter H. Gibbon 2007-12-01 An “engaging and provocative” exploration of American history’s heroic figures—from how we define a hero to the monuments we build to honor them (Arthur Schlesinger Jr.). Heroic ideals are fundamental to the enterprise of American liberty and to the fabric of our nation’s culture. Throughout history, men and women such as George Washington, Thomas Edison, Martin Luther King Jr., and Lucretia Mott have brought together our society of dreamers and achievers. In *A Call to Heroism*, Harvard research associate Peter H. Gibbon surveys the lives, struggles, and accomplishments of these and other great individuals. It also considers the meaning of seven monuments and artworks dedicated to heroes, examining what these memorials say about the America of their time—and what they mean for us today. The result forges an enlightening understanding of what it means to be a hero. With a foreword by Peter J. Gomes “Fascinating and inspiring . . . Gibbon’s book emphasizes the importance of guiding young people to more realistic definitions of hero.” —The Christian Science Monitor “A concise history of the hero in America and a realistic formula for determining who deserves the accolade.” —The Tampa Tribune “This book is a delightful Grand Tour, taking us from war to sports to great literature. You will enjoy it.” —Jay Mathews, The Washington Post “Lively fare for classrooms and board rooms throughout the country.” —Arthur Schlesinger Jr.

**The Planted Seed**-Dorothy Wyatt 2005-05 The Planted Seed will reveal and share with the world the significance of living within an unmovable standard. Honesty and standards do not make the headlines. The moral fabric of our world declines when we mistreat one another. This book will share the life of a man who made it a mission to listen to others, care for a family, and become civic minded. Johnnie Rheaves stood for his principles through non-violent leadership. Share a journey of a lifetime with a man with an admirable lifestyle. Walk down the rows of planted truths he nurtured into his children. Picture the soft winds that blew across his face while he toiled on his farm. Reap the harvest of his bounty through the words authored by one of his children. Replant the seed inside of you, honesty and integrity, its value lasts for generations.

**The Columbia Anthology of Chinese Folk and Popular Literature**-Victor H. Mair 2011 In *The Columbia Anthology of Chinese Folk and Popular Literature*, two of the world’s leading sinologists, Victor H. Mair and Mark Bender, capture the breadth of China’s oral-based literary heritage. This collection presents works drawn from the large body of oral literature of many of China’s recognized ethnic groups—including the Han, Yi, Miao, Tu, Daur, Tibetan, Uyghur, and Kazak—and the selections include a variety of genres. Chapters cover folk stories, songs, rituals, and drama, as well as epic traditions and professional storytelling, and feature both familiar and little-known texts, from the story of the woman warrior Hua Mulan to the love stories of urban storytellers in the Yangtze delta, the shaman rituals of the Manchu, and a trickster tale of the Daur people from the forests of the northeast. The Cannibal Grandmother of the Yi and other strange creatures and characters
unsettle accepted notions of Chinese fable and literary form. Readers are introduced to antiphonal songs of the Zhuang and the Dong, who live among the fantastic limestone hills of the Guangxi Zhuang Autonomous Region; work and matchmaking songs of the mountain-dwelling She of Fujian province; and saltwater songs of the Cantonese-speaking boat people of Hong Kong. The editors feature the Mongolian epic poems of Geser Khan and Jangar; the sad tale of the Qeo family girl, from the Tu people of Gansu and Qinghai provinces; and local plays known as "rice sprouts" from Hebei province. These fascinating juxtapositions invite comparisons among cultures, styles, and genres, and expert translations preserve the individual character of each thrillingly imaginative work.

**The Medicine of Memory**-Alejandro Murguía 2002-11-01 A portrait of the author's family history in California, along with reflections on the history of Hispanics in America since the 18th century.

**Not On My Watch!**-WR Simon

**The Reaver Road**-Dave Duncan 2014-04-01 This fantasy by the author of the Seventh Sword series offers “a madcap mix of outrageous prose and superlative wit” (Times-Colonist, Victoria B.C.). Omar is the finest storyteller the world has ever known, captivating audiences everywhere, from the fires of soldier camps to the plush residences of nobility. In times of turmoil, people can still appreciate a good tale that offers respite from their troubles. But as hordes of barbarian soldiers surround the unvanquished city of Zanadon after ravaging the surrounding countryside, few things are certain any longer. Omar has been guided to the city by prophetic dreams, yet finds himself in an increasingly dangerous situation as the people grow more desperate and the gift of a glib tongue turns into a curse.

**Magic Worlds of Bernard Malamud, The**-Evelyn Gross Avery 2012-02-01 Offers personal recollections of and critical perspectives on this major American author.

**The book of Seven Flames and Burning Coals**-Ben Levell 2016-07-03 Ben and Naomi had ten beloved children. Like a warm flickering campfire feared by predators of the night, this family was stamped out and scattered . . . "The book of Seven Flames and Burning Coals" is what remains. Herein are poems, parables, and letters addressed to the lost and broken children, touching on such things as marriage, sex, heaven, and the resurrection of us all.

The Essential Cult TV Reader—David Lavery 2021-09-15 The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged, active fan bases by employing an imaginative approach to programming. Once defined by limited viewership, cult TV has developed its own identity, with some shows gaining large, mainstream audiences. By exploring the defining characteristics of cult TV, The Essential Cult TV Reader traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television. The essays explore a wide range of cult programs, from early shows such as Star Trek, The Avengers, Dark Shadows, and The Twilight Zone to popular contemporary shows such as Lost, Dexter, and 24, addressing the cultural context that allowed the development of the phenomenon. The contributors investigate the obligations of cult series to their fans, the relationship of camp and cult, the effects of DVD releases and the Internet, and the globalization of cult TV. The Essential Cult TV Reader answers many of the questions surrounding the form while revealing emerging debates on its future.

Lunar Descent—Allen Steele 2015-05-19 The former head of a lunar mining operation returns to the moon and is immediately sucked into a dangerous morass of labor troubles, lies, larceny, and corporate wrongdoing in this wildly entertaining science fiction thrill ride. There is big trouble on the moon. The blue-collar working stiffs of Descartes Station, who mine the surface for minerals and the North Pole for water, have become increasingly dissatisfied with Skycorp’s general disregard for its employees’ well-being. Following the most recent spate of layoffs, the labor strike grumblings have only grown louder, so the company is sending former base administrator and recovering alcoholic Lester Riddell back into the fold in an attempt to boost morale and output alike. The truth, however, becomes shockingly apparent to Riddell almost immediately upon his return. Not only has he been unceremoniously dumped into a muddled mess of larceny, piracy, and corporate malfeasance, it appears that Skycorp is purposely setting him up to fail—which could spell finis for Descartes Station and every trash-talking, pot-smoking, porn-loving Vacuum Sucker and Moondog who toils there. But as the Skycorp suits are about to discover, they’ve just made the biggest mistake of their corporate lives—because Lester Riddell is nobody’s fall guy. Three-time Hugo Award winner Allen Steele has seen the near future, and it isn’t pretty—it’s noisy, dirty, dangerous, and chaotic. Thrilling, wildly inventive, delightfully profane, and totally outrageous, Lunar Descent is one hell of rocket ride, with a master of science fiction at the helm.

**Cast of Characters: Lost and Found**-Max Lucado 2008-10-07 Common people ... Story after story marked by scandal, stumble, and intrigue. Who are these people? They're the people of the Bible. And they're us. We find our stories in theirs. We find our hope where they found theirs. In the hands of an uncommon God. In the midst of them all ... hovering over them all ... is the hero of it all: God. Maker. Shaper. Rescuer of sinking hearts. God. Passing out high callings, second chances, and moral compasses to all comers and takers. In this gathering of inspiring stories from his numbers best-selling books, master storyteller Max Lucado revisits some of his favorite biblical characters -- all of whom were very human and imperfect, just like us. If God can find a place for them ... He might just have a place for us too.

**My Life Unscripted**-Tricia Goyer 2007-09-09 Using the metaphor of screenwriting, My Life, Unscripted explores relationships in every teenage girl's life-with herself, her friends and enemies, her parents, guys, and with God. Real-life scripts, screenwriting terms, and timely topics, make this an interesting read for teen girls as they delve into their own inner struggles and outward relationships. They’ll also learn the importance of "scripting" their own responses BEFORE challenging life-situations arise so they are able to think about, pray about, and consider how to face these situations before the scene begins. By contrasting real-life with TV or movies, teens will understand they don't have to get caught up in the drama.
Notes from a Sealed Room - Robert Werman 1993 In this compelling and often startling account, Robert Werman chronicles his experiences as an Israeli citizen living in Jerusalem during the Gulf War. On January 19, 1991, he began writing daily reports on his computer, sending them to friends and a few computer networks that dealt with Jewish culture and the politics of the Middle East. To Werman's surprise, he received numerous electronic responses to his entries, sometimes as many as one hundred a day. As a result, his "war diary" was born, a diary that he continued until February 22, 1991, when, near the end of the war, he was hospitalized for a heart condition. In the early entries, Werman notes each Iraqi Scud attack, describing in detail the sealed room in which he and his family sought shelter during the expected chemical attacks. "Sitting in the antigas room, members of the family try to put on a brave face, make jokes. . . . Only the dog, a rather stately collie, sits quietly and does not appear at all excited. We pity the dog, for he is the only one without a mask. But then we remember that--without a mask--he is our canary in the coal mine." Futily, Werman seeks patterns to the attacks, attempting to predict when they might occur. He writes of the nation's response to war: joggers running with their gas masks in hand, schools temporarily disbanded while children meet in small groups to continue their education, city streets emptied by six o'clock each evening as people wait in their homes for the sound of the sirens that herald an assault. He discusses the varying opinions concerning retaliation against Iraq, the fluctuating morale of the country, the damage produced by Iraqi missiles, and the widespread speculation of Israeli citizens concerning their country's survival. Yet Werman's daily reports, digressions, and explanations not only include his observations and impressions; they also poignantly reveal his own personal story and political, religious, and philosophical views. Werman's journal gives a singular view of a country under siege, recounting in detail the pressures, conflicts, and dangers existing during a war. It is a distinctive book, a fascinating personal and political account of a man, his family, their nation, and a war.

The Political University - Robert M. Rosenzweig 2001-12-05 Research universities are unique in American education in the degree to which they are sensitive to policies of the national government. According to Robert Rosenzweig, it is impossible to understand the recent past, the present, and the future of the university without understanding the political process that determines those policies—including the various ways universities have tried, with mixed results, to shape them to their own ends. In The Political University, the former Stanford administrator and president of the Association of American Universities offers an insider's perspective on research universities, the AAU, and the Washington political agenda. Drawing on thirty years of professional experience, Rosenzweig discusses the problems and prospects of American research universities in light of such issues as shifting federal policies, resource constraints, increased partnerships with business and industry, and the changing needs and perceptions of the larger society. His book also brings other valuable perspectives to the discussion—those of twelve former university presidents, all of whom served through the 1980s, all of whom left office around 1990 for various reasons, and none of whom will ever hold a presidency again. This edition contains a new introduction, which brings some of the issues dealt with in the book into sharper relief. In candid and wide-ranging discussions with Rosenzweig, the former presidents examine the complex political process on which the modern research university depends—and through which the modern university president must lead constituents.
Life Goes On - Jennifer Dopson 2008-10-17 When friends are hard to find and heroes are the thing of fantasies and fairytales, Kayla has to make her own. Caught between love, lies and the desire to self destruct she has to find the courage to believe she's worth more. Will she find her own inner hero, or will it all go horribly wrong? Dealing with medical and family issues are two things seventeen year old Kayla has learned to do well, but add a single new element to the mix and her world suddenly spirals out of control. Having been a "disabled child" all of her life, making the transition to "mature girlfriend" was harder than she expected. While everyone around her is convinced she's crazy, she simply wonders how to cope.
