What Happened Here - Bonnie ZoBell 2014-05-03 "Bonnie ZoBell's linked novella and story collection, What Happened Here, made me feel as if I'd lived all my life in San Diego's North Park, whose inhabitants live and work in the long shadow of the 1978 airline crash that decimated the neighborhood. What is most extraordinary is the ease with which ZoBell at once accumulates the layers of a novelistic narrative and offers us beautifully written, compact stories with lives of their own. Like Krzysztof Kie lowski's Red or Haruki Murakami's After the Quake, ZoBell allows us a complete picture only through a nimble narrative triangulation between the many characters and stories. The hard-fought and bounded truth we see here is, I think, the truest kind of truth." -Jerry Gabriel, author of Drowned Boy, winner of the Mary McCarthy Prize in Short Fiction"

This Happened Here - Paul Street 2021-12-29 This book examines the Trump phenomenon and presidency as fascist. Fascism here connotes not generically "bad" politics or a consolidated political-economic regime (Mussolini’s Italy or
Hitler’s Germany) but a set of political, movement, and ideological traits understood within the context of the neoliberal-capitalist era. While Trump’s election defeat is a respite, the nation is far from out of the neofascist woods. Defeating the menace will require political and societal restructuring far beyond what is imagined by Democrats. This argument is developed across seven chapters that recount Trump’s assault on the 2020 election, specifically define the meaning of fascism as it is used in this book, demonstrate the neofascist nature of the Trump presidency, engage intellectual class Trumpism-fascism-denial, analyze the Trump base, root Trumpism in a longstanding and indeed founding American white nationalism, examine why Trump rose to power when he did, and suggest paths for fascism-proofing the USA.

Dying Was the Best Thing That Ever Happened to Me-
William E. Hablitzel 2006-07-02 Physicians are entrusted within the lives of their patients; lives woven from the threads of spirituality; touched by the mysteries of the universe, and filled with stories to tell. These stories can teach the secrets of a life filled with meaning, of wisdom, and of extraordinary journeys. They are sacred lessons. They are lessons that teach of a miraculous place and shine their light on the path that will take us there. "This book has all of the wisdom one could seek, told in a heart warming way that touched me deeply," writes bestselling author Bernie Siegel, M.D. "When a book leads me to tears and joy, as this book has, I know it contains the essence of life. Read it and reap the benefits of wisdom from the experience of
others, rather than your own rude awakening." Wayne Dyer, the #1 New York Times best-selling author affirms the work as "stories to heal your life, beautifully presented."

**Like Nothing Amazing Ever Happened**-Emily Blejwas 2020-04-14 A poignant story of a boy picking up the pieces of his life after the unexpected death of his father, and the loyalty, concern, and friendship he finds in his small-town community. Justin doesn't know anything these days. Like how to walk down the halls without getting stared at. Or what to say to Jenni. Or how Phuc is already a physics genius in seventh grade. Or why Benny H. wanders around Wicapi talking to old ghosts. He doesn't know why his mom suddenly loves church or if his older brother, Murphy, will ever play baseball again. Or if the North Stars have a shot at the playoffs. Justin doesn't know how people can act like everything's fine when it's so obviously not. And most of all, he doesn't know what really happened the night his dad died on the train tracks. And that sucks. But life goes on. And as it does, Justin discovers that some things are just unknowable. He learns that time and space and memory are grander and weirder than he ever thought, and that small moments can hold big things, if you're paying attention. Just like his math teacher said, even when you think you have all the information, there will be more. There is always more. Set during the Gulf War era, Like Nothing Amazing Ever Happened is a story about learning to go on after loss, told with a warmth that could thaw the coldest Minnesota lake.

Fish Creek Echoes

Virginia Kinsey 2000

It Happened Here

Richard Dresser 2020-10-06 A family falls apart as America is overtaken by totalitarian rule in this near-future dystopian novel echoing Sinclair Lewis’s It Can’t Happen Here. In 2035, fourteen-year-old Louise is interviewing her family members to find out what went wrong—for the family and the nation. It seems both started falling apart around 2019. Then the 2020 elections were canceled, and the president remained in power for sixteen years. This is the story of one family divided by ideology, and of undying hope in the direst of circumstances. In 1935, Sinclair Lewis challenged readers to imagine an America hijacked by a totalitarian president whose message was fueled by fear, division, and “patriotism.” Richard Dresser’s It Happened Here delivers a modern vision of just such an America. Told through the interwoven voices of eight different characters, it reveals how the Weeks family navigates the slow death of democracy in the country they all love.

The Best Thing That Never Happened

Joey Lott

2014-04-29 “Just a few years ago I spent my days lying on a moldy mattress praying for death or an end to suffering, whichever came first.” Joey Lott suffered for decades from It Really Happened Here

Amazing Tales Of Minnesota The Dakotas

4/24
extreme anxiety, obsessions, compulsions, eating disorders... and spiritual seeking. And then, nearing the brink of death he stumbled upon something miraculous: the freedom he had long sought was to be found in the very experiences he had tried so desperately to avoid. This is a profound book—but with a lightness of touch that makes it reader-friendly. Part memoir, part take-no-prisoners immediacy, The Best Thing that Never Happened offers a unique and refreshing message—that you cannot be other than yourself. With the repeated instructions to meet what is already present, including what you most want to avoid, the author points you to the radical discovery of true freedom which is available for each of us in this very moment.

**History Happened Here**-Brian Scott

**How It Happened Here**-Kevin Brownlow 2007 How It Happened Here tells the story of the making of a film and the subsequent reception that the film received and the controversy and alarm that it stirred up when it was first released. The film-makers were two teenagers (18 and 16) and they started out with no budget and a borrowed 16 mm camera. The project took 8 years to complete. Part of the book is a humorous and detailed account of how the boys overcame all the practical and financial hurdles of amateur film making and saw the project through to completion and national release. This in itself would qualify the book as a thoroughly entertaining read and a sound basis for a course
in film making or media studies of any kind. But this was no ordinary film. Kevin and his co-director Andrew Mollo took as their theme the "what if?" idea of a conquered and occupied England, after a hypothetical defeat and invasion following the Dunkirk retreat.

**Great Lakes and Midwest Catalog**-Partners Book
Distributing 2005

**What Really Happened**?-K Lenart 2011-08-19

**The Prequel - It Happened Here - Vol I**-John Kingston 2017-05-22 Revealed! For the first time, the history of the plot to assassinate President Kennedy and the identities of the two assassins. This together with the details of the deception of British Intelligence which allowed the Warsaw Pact to invade West Germany, defeat NATO and humiliate the United States. Finally the true horror of America's revenge as the Strategic Air Command is unleashed against the Soviet Union

**Teaching What Really Happened**-James W. Loewen 2018-09-07 James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retelling of the past. In addition to updating the scholarship and anecdotes throughout, the second edition
features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery.

Book Features: an up-to-date assessment of the potential and pitfalls of U.S. and world history education; information to help teachers expect, and get good performance from students of all racial, ethnic, and socioeconomic backgrounds; strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography; ideas from teachers across the country.

The Future Once Happened Here-Frederick F. Siegel
2000 Each of Siegel's three urban portraits--New York, Washington, D.C., and Los Angeles, -- shows the desperate remedies undertaken by cities searching for a lifeline back to the future whose promise they once seemed to embody. In a narrative that acknowledges the large historical forces that have remade the face of America over the last three decades, but insists that social policies are not merely foregone conclusions waiting to happen, Siegel holds up a mirror to our urban nature and tells us much about the way
we live now.

**It Can't Happen Here**-Sinclair Lewis 2017-01-20 'An eerily prescient foreshadowing of current affairs' Guardian 'Not only Lewis's most important book but one of the most important books ever produced in the United States' New Yorker A vain, outlandish, anti-immigrant, fearmongering demagogue runs for President of the United States - and wins. Sinclair Lewis's chilling 1935 bestseller is the story of Buzz Windrip, 'Professional Common Man', who promises poor, angry voters that he will make America proud and prosperous once more, but takes the country down a far darker path. As the new regime slides into authoritarianism, newspaper editor Doremus Jessup can't believe it will last - but is he right? This cautionary tale of liberal complacency in the face of populist tyranny shows it really can happen here.

**Best Laid Plans**-David C. Martin 1988 Examines in detail the terrorist raids that have taken place during Reagan's presidency, and discusses what the U.S. government has done to combat world terrorism

**Something Happened in Paradise: Thermidor in America**-Leslie Herzberger 2009-09-18 Thermidor is just another way of saying Inquisition. At a point in time, the structure is in trouble. You either fix the structure, or you start shooting the people in the life of a complex group
called a society. The shooting of people in a complex group, randomly constituted on account of the structure is what we call an Inquisition.

A Life Sold - What ever happened to that guy who sold his whole life on eBay?-

What Really Happened Hillary Rodham Clinton: An Astrological and Prophectic Assessment - John Hogue

What Really Happened - Banaphool 2010-10-18 100 classic tales from the master of Bengali short fiction 'Banaphool's love of precision and economy of words, his eye for the apparently insignificant detail give us a sudden glimpse of the human condition' - Nabaneeta Dev Sen Translated into English for the first time, these stories by legendary writer Banaphool cleverly explore how life's absurdities are negotiated through human relationships - whether between friends, lovers, family or strangers. In the title story, a lovelorn boy waits earnestly in his hostel room for the arrival of his beloved, only to be greeted by a rude shock. The fickle nature of love is at the centre of 'Conjugal Dreams', as two newlyweds confront their old loves. 'The Homecoming' is about an insurance agent's encounter with a most unexpected co-passenger while travelling home by train for Durga Puja. And a harmless wager leads to very dramatic consequences in 'The Corpse'. These sparkling vignettes are moulded out of the everyday, and range from
poignant and tragic to whimsical and satirical. Reminiscent of the effortless prose of O. Henry, Banaphool’s stories conjure up a host of enduring characters while making sharp observations about the human condition.

The Room Where It Happened-John Bolton 2020-06-23 As President Trump’s National Security Advisor, John Bolton spent many of his 453 days in the room where it happened, and the facts speak for themselves. The result is a White House memoir that is the most comprehensive and substantial account of the Trump Administration, and one of the few to date by a top-level official. With almost daily access to the President, John Bolton has produced a precise rendering of his days in and around the Oval Office. What Bolton saw astonished him: a President for whom getting reelected was the only thing that mattered, even if it meant endangering or weakening the nation. “I am hard-pressed to identify any significant Trump decision during my tenure that wasn’t driven by reelection calculations,” he writes. In fact, he argues that the House committed impeachment malpractice by keeping their prosecution focused narrowly on Ukraine when Trump’s Ukraine-like transgressions existed across the full range of his foreign policy—and Bolton documents exactly what those were, and attempts by him and others in the Administration to raise alarms about them. He shows a President addicted to chaos, who embraced our enemies and spurned our friends, and was deeply suspicious of his own government. In Bolton’s telling, all this helped put Trump on the bizarre road to impeachment. “The differences between this presidency and
previous ones I had served were stunning,” writes Bolton, who worked for Reagan, Bush 41, and Bush 43. He discovered a President who thought foreign policy is like closing a real estate deal—about personal relationships, made-for-TV showmanship, and advancing his own interests. As a result, the US lost an opportunity to confront its deepening threats, and in cases like China, Russia, Iran, and North Korea ended up in a more vulnerable place. Bolton’s account starts with his long march to the West Wing as Trump and others woo him for the National Security job. The minute he lands, he has to deal with Syria’s chemical attack on the city of Douma, and the crises after that never stop. As he writes in the opening pages, “If you don’t like turmoil, uncertainty, and risk—all the while being constantly overwhelmed with information, decisions to be made, and sheer amount of work—and enlivened by international and domestic personality and ego conflicts beyond description, try something else.” The turmoil, conflicts, and egos are all there—from the upheaval in Venezuela, to the erratic and manipulative moves of North Korea’s Kim Jong Un, to the showdowns at the G7 summits, the calculated warmongering by Iran, the crazy plan to bring the Taliban to Camp David, and the placating of an authoritarian China that ultimately exposed the world to its lethal lies. But this seasoned public servant also has a great eye for the Washington inside game, and his story is full of wit and wry humor about how he saw it played.
Red Herring: A Novel Approach to Explain What Really Happened on 9/11
By: Kevin Omlor
Special 20th Anniversary Edition

The Red Herring presents a completely unique outlook on the events that took place on September 11th. Although told with an unwavering reverence for life, this story may prove to be the most uncompromising and controversial political satires ever told. This provocative telling just might awaken the reader to an America they thought lost. While men of good will everywhere pray for world peace, perhaps this old American sword will provide them with hope. Matthew 10:34 “I have not come to bring peace but rather a sword.”

The Rest of Us Just Live Here - Patrick Ness
2015-10-06

Six starred reviews! A bold and irreverent YA novel that powerfully reminds us that there are many different types of remarkable, The Rest of Just Live Here is from novelist Patrick Ness, author of the Carnegie Medal- and Kate Greenaway Medal-winning A Monster Calls and the critically acclaimed Chaos Walking trilogy. What if you aren't the Chosen One? The one who's supposed to fight the zombies, or the soul-eating ghosts, or whatever the heck this new thing is, with the blue lights and the death? What if you're like Mikey? Who just wants to graduate and go to prom and maybe finally work up the courage to ask Henna out before someone goes and blows up the high school. Again. Because sometimes there are problems bigger than this week's end of the world, and sometimes you just have to find the extraordinary in your ordinary life. Even if your best friend is worshipped by mountain lions. ALA Best Fiction for Young
The Future Once Happened Here-Fred Siegel 2010-10 In The Future Once Happened Here, Fred Siegel tells an incredible story about the fate of America's most influential cities; New York, Washington, D.C., and Los Angeles. Standing as metaphors for America's urban life because of their stature as nerve centers of the nation, these three cities - once celebrated for their excitement and creativity as well as their ability to incorporate immigrants and solve the nation's problems - were all caught up in the social policies born in the '60s and '70s and, as a consequence, faltered badly in dealing with the politics of race and the quality of their residents' lives in the '80s and '90s. Each of Siegel's three urban portraits shows the desperate remedies undertaken by cities searching for a lifeline back to the future whose promise they once seemed to embody. In a narrative that acknowledges the large historical forces that have remade the face of America over the last three decades, but insists that social policies are not merely foregone conclusions waiting to happen, Siegel holds up a mirror to our urban naure and tells us much about the way we live now.
Something Happened Here, But We're Not Quite Sure What It Was-Paul McAuley 2016-07-20 Something Happened Here, But We’re Not Quite Sure What It Was by Paul McAuley is a complex sf story about politics and xenophobia when human colonists on an Earth-like planet are faced with the possibility of reaching out to alien cultures, especially when a big organization that has previously done harm is in charge of the operation. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

What Really Happened-Nick Marnell 2004-06 Richard Powell, Robbie Kennedy and Vicky Young are best friends. In October 1970 Robbie and Vicky take a trip from Pittsburgh to Los Angeles. When they return two weeks later they are not speaking to one other, and Vicky suddenly disappears. As Richard probes into the mysterious events of the trip he discovers how Robbie has burst through his suffocating emotional pain, how Vicky has confronted her life-threatening crisis and, most importantly, he uncovers the true purpose of his own life.

Why Losing Your Job Could be the Best Thing That Ever Happened to You-Eleanor Tweddell 2020-09-10 "For those whose jobs have been a victim of the economic impact of the pandemic, it is a timely reminder not only to stay determined, but hopeful." - Financial Times 'This book reminded me why an ending - especially an unexpected one - can be the best kind of beginning' Viv Groskop, author of Lift As You Climb 'This book will help you escape the valleys of rejection bound for the peaks of opportunity' Bruce Daisley, bestselling author of The Joy of Work 'So much more than a user guide to life after redundancy, it's an inspiring lesson on how to deal with the knocks of everyday life; written with humour, empathy and honesty' Debbie Hewitt MBE, Chair, Visa Europe Why Losing Your Job Could be the Best Thing That Ever Happened to You is a compassionate guide that will inform and engage anyone who is facing redundancy or job loss; with deeply inspiring case studies and clear and brilliantly accessible, practical advice for getting back on course with your life and career. Learn how to: -Navigate feelings of anger, guilt and shame -Search for new beginnings -Overcome analysis paralysis -Progress with small steps Eleanor Tweddell's five-step plan will support you through the early stages of shock, through to building up the skills, self-confidence and motivation to thrive after redundancy; whether that is in your previous sector or something new.
My Husband's Affair BECAME the Best Thing That Ever Happened to Me- Anne Bercht 2021-01-05 "When Brian told me of his affair, my whole world was shattered. Since the affair, and since the difficult recovery period, I have excelled in amazing ways in every area of my life. I look and feel better than I did when I was in my twenties. I have more energy, more zeal and more enthusiasm for life. Since I have gotten over my insecurities, I experience far better relationships with my husband, children and others. I also have more fun. No matter what tragedies happen in our lives, we always have a choice, not a choice over what will happen to us, but a choice over how we will react to it. Will we become bitter or better? I chose to become better, and now my greatest tragedy has also become my greatest personal victory." - Anne Bercht "Would I want to go back to our marriage before the affair? Not a chance! Would I have liked to have gotten to this point some other way? Absolutely! Would I recommend an affair to others so they can reach a greater love and better marriage? Absolutely not! If you have experienced an affair, is rebuilding your marriage worth it? You bet it is! As long as you love each other and are willing to do the work." - Brian Bercht

All Positive Action Starts with Criticism- Sacha la Bastide-van Gemert 2015-01-16 This study provides a historical analysis of Freudenthal’s didactic ideas and his didactic career. It is partly biographical, but also contributes to the historiography of mathematics education and addresses closely related questions such as: what is mathematics and where does it start? Which role does
mathematics play in society and what influence does it have on the prevailing views concerning its accompanying didactics?. Hans Freudenthal (1905–1990), professor in mathematics, scientist, literator, but above all mathematics-educator, was inextricably linked to the changes which took place in mathematics education and didactics during the second half of the last century. His diversity as a scientist and his inexhaustible efforts to establish the didactics of mathematics as a seriously pursued science, made Freudenthal's influence in this area considerable. He foresaw an essential, practical role for mathematics in everyone’s life, encouraging students to discover and create mathematics themselves, instead of imposing a ready-made mathematical system. The theory of mathematics education thus developed in the Netherlands would gain world fame in the following decades. Today, in the light of the discussions about mathematics education, in which the call for `genuine’ mathematics instead of the so-called 'kindergarten'-mathematics can be heard, Freudenthal's approach seems to be passé. However, the outcome of this study (which is mainly based on documents from Freudenthal’s vast personal archive) shows a more refined picture. The direct identification of 'kindergarten'-mathematics with Freudenthal’s view on mathematics education is not justified. 'Realistic mathematics' as advocated by Freudenthal includes more than just a practical introductory and should, among other things, always aim at teaching 'genuine' mathematics in the end.
Fallon Spring endured physical and sexual abuse at the hands of family members, starting at the age of 4. As an adult the legacy of abuse left her with little self-esteem and resulted in marriages that were even more abusive and damaging. Now, for the first time, she tells in her own words, the story of her life and how she was able to free herself from the control of her abusers. She also provides some resources for those suffering from abuse to get help.

Whitney Houston Conversations: What Really Happened At the Beverly Hilton-Ronald Ritter
2016-05-08 Whitney Houston is one of the best-selling musical artists of all times. Her career, life and the records she sold, who she married and who she left behind is well documented. This amazing talent sadly passed away on February 9th, 2012 at the young age of forty eight, her life and career fatally colliding in a hotel room at the Beverly Hilton. In this eBook is a message from a loving mother who wishes to speak to her from beyond the physical and explain her passing. Whitney did not pass over in the usual way with her spirit leaving her body and moving into the light. . This is about a grieving mother who misses her daughter and did not get her opportunity to say goodbye in her own way. This message is hers and hers alone. As a channeler Sussan allows the non-physical entity, in this case Whitney Houston, to enter and transfer her message using Sussan's vocabulary and emotions to carry the message. We are not here to judge or have opinion, we are only here to relay the message.
What Really Happened - Rielle Hunter 2012-06-22

The John Edwards–Rielle Hunter affair made headlines for years. "One of the biggest political scandals of all time," "a fall from grace," "a modern-day tragedy"—it's a story that has been reported, distorted, and spun over and over again by the media, by political aides, by the U.S. government, by supposed friends. However, there is someone who actually knows the truth, someone who lived it from day one—the woman at the heart of the story itself: Rielle Hunter. In the New York Times, Wall Street Journal, and Publishers Weekly bestseller What Really Happened, Hunter offers an extremely personal account of her relationship with John Edwards: the facts of how they actually met, how their accidental love started and escalated, what it was like to fall in love with a married man who decided to run for president, the surprise of becoming pregnant during the campaign, how the affair became public, the extensive cover-up, and finally, what happened in the years after Edwards publicly admitted to being the father of their daughter, Frances Quinn. Meet Edwards's political players and get an intimate look at how they really operated. Learn about the evolution of "friends," enablers, and do-gooders, their involvement with the affair and Edwards's 2008 presidential campaign, and where the money from Rachel "Bunny" Mellon and Fred Baron actually went. This book doesn't spin the truth to achieve a prettier picture or a better story. It isn't about changing anyone's mind. It's simply the facts, the truth of what really happened.

The Secret of Secrets - Osho, 2017-05-18

In this unique
series of discourses Osho unravels the ancient text, The Secret of the Golden Flowers, which he describes as a synthesis of all the great religions - the essence of Taoism. More than 2,500 years old, this remarkable text continues to be as relevant today as it was to its contemporaries. Osho interprets it as the core of all religions and spiritual paths - a stripped-back ideal where spiritual seekers around the world are placing themselves now. The Secret of the Golden Flower belongs to no one in particular - it belongs to us all. The Secrets of Secrets is a timeless collection of Osho's talks on The Secret of the Golden Flower. Osho demystifies all the important terms used by the Chinese mystic Lu Tsu, and shares his meditation exercises. He also outlines the qualities of animus and anima - our male and female energies - as delineated by Lu Tsu, and explains the importance of their relationships inside each of us. The book includes many valuable techniques and gives specific instructions on the Taoist Golden light meditation - to harmonize the male and female elements and transmute sexual energy.

The Second Western Novel MEGAPACK™: 4 Great Western Novels-Matt Rand 2015-07-02 The Second Western Novel MEGAPACK™ presents four more great tales of the Old West, by four different writers. Included in this volume are: TWO-GUN OUTLAW, by Burt Arthur ... Dave Moore rode into town for a drink and a rest...and stayed to fight for his life! TO HELL -- AND TEXAS!, by Giles A. Lutz ... Westward, the wagons thundered. Out there lay Texas -- an empire for a man with guts enough to wrest it
from bandits, murderers, and hostile tribes...a man like O'Shaughnessy! ARIZONA RANGER, by A. Scott Leslie ... Lawless terror gripped Southwest Arizona! Bandits pillaged and plundered. Gambling dens and brothels flourished openly. Men drank and died from the devil's brew of blood and whiskey, gunsmoke and gold. Into this bullet-spattered hell Rance Hatfield brought the law of the Rangers... IT HAPPENED IN A TOWN NAMED LAWLESS, by Matt Rand ... It was a town where they asked no questions. The marshal was dead, and they needed a man handy with his six-guns. They swore the stranger in, and then they realized what he was. The worst kind of marshal any town can have: a killer with a badge! If you enjoy this volume of classic westerns, don't forget to search your favorite ebook store for "Wildside Press Megapack" to see the 200+ other entries in this series, covering classic and historical fiction, science fiction, fantasy, horror, mysteries -- and much, much more!

Let's Pretend This Never Happened-Jenny Lawson
2012-04-17 Even when I was funny, I wasn't this funny' Augusten Burroughs, author of Running With Scissors Have you ever embarrassed yourself so badly you thought you'd never get over it? Have you ever wished your family could be just like everyone else's? Have you ever been followed to school by your father's herd of turkeys, mistaken a marriage proposal for an attempted murder or got your arm stuck inside a cow? OK, maybe that's just Jenny Lawson . . . The bestselling memoir from one of America's most outlandishly hilarious writers.
In Hindsight, What Really Happened: The Revised Edition-Rielle Hunter 2013-10-15 Dear readers, When I wrote What Really Happened I was still very raw from the firestorm that my life had become due to my unwise decision to have an affair with John Edwards, a married man. I realize now what I have never admitted before. I behaved badly. That may strike you as obvious, but it's taken me a long time to admit this, even to myself. I was attacked so often, and so viciously, that I felt that I was the victim. I felt hurt, and betrayed, and somehow that justified my actions. But of course all of the attacks and all of the betrayal were beside the point. The point is ... I behaved badly. And the release of What Really Happened didn't help. When I look back at this book that I wrote, I want to throw it out and start again. But instead of attempting to erase my mistakes, I am now owning them. I've annotated the original book. Typos have been corrected but not a word has been changed, not even words that cause me to cringe when I reread them. Instead I have put notes throughout—notes that acknowledge what I couldn't when I wrote the book. Best, Rielle
