Napoleons Waterloo Campaign: An Alternate History Volume 1

Napoleon’s Waterloo Campaign

Stephen Matthews 2004-01-01 Napoleon’s Waterloo Campaign: An Alternate History is a story of a famous campaign with a twist. What would have happened if Marshal Gourgaud, Napoleon’s wing commander, had marched to the sound of the guns as his aide-de-camp demanded? This intriguing idea is an open invitation for a closer look at what might have been in June of 1815. This volume is the first modern full-length alternate history written about the Waterloo campaign but it does not stop there. First, the narrative focuses on the final campaign of the French emperor and his leave-taking for the final time. The campaign is then placed behind the backcloth of the Napoleonic Wars and set against the backdrop of the most pressing themes and issues of 19th century. With Napoleon’s Waterloo Campaign a novel that is readable for the history buff as well as the serious reader. The narrative is beautifully written, by one of our foremost historians.

Napoleons Waterloo Campaign

Cavalry in the Waterloo Campaign

Field Marshal Sir Evelyn Wood, V.C. C.B. 2005-12-01 Napoleon’s Waterloo Campaign: An Alternate History is the most detailed account of the 2nd Division at Waterloo ever published. It is based on the papers of its commander Sir Henry Clinton and it reveals for the first time the previously unrecognised vital role this division made in the defeat of Napoleon. The division was placed ahead of the main allied squares thus impeding its operations. By introducing minor - but realistic - adjustments, Tsouras presents a scenario which in turn sets in motion new and unexpected possibilities. Cleverly conceived and expertly executed, this is alt alternate history at its best.

The Waterloo Armies

Lt.-Col. Sisson C. Pratt (Late R.E.) 1844-1919 The Waterloo Armies is a study of the Army of the North in its last great campaign. Historians have ranged up on either side of the debate for decades, and cast their opinions on the events of 1815. Historians have ranged up on either side of the debate for decades, and cast their opinions on the events of 1815. From such muddied water, Lt.-Col Pratt provides a clear account of the campaign, sifting through the evidence and putting forward his opinions. The result is a work which is engrossing and entertaining, and which is sure to delight all those who are interested in the battle of Waterloo.

Syllabi for the Academic Years...

American Society for Extension of University Teaching 1903 This book provides the first thematic survey and analysis of nineteenth-century writing that imagined outcomes that history might have produced. Narratives of possible worlds and scenarios—referred to as “alternate histories”—proliferated during the nineteenth century and clustered around pressing themes and issues of the time. This study examines accounts of Napoleon after Waterloo, alternative genealogies of western civilization from antiquity to the Modern Era, and the history of the First and Second World Wars. The analysis is drawn from a wide range of sources, including popular and academic fiction, crusading literature, and historical and political pamphlets. The book is a valuable resource for students of literature and history alike.

Napoleon’s Waterloo Campaign: An Alternate History Volume 1

Philip Haythornthwaite 2007-10-18 Waterloo is one of the most famous battles in history and it has given rise to a vast literature. The strategies and tactics of the battle and the entire Waterloo campaign have been analysed at length. The commanders, manoeuvres and critical episodes, and the intense experiences of the men who took part, have all been recorded in detail. The Waterloo campaign is a major turning point in the history of the Napoleonic Wars and in world history.

Napoleons Waterloo Campaign

Napoleons Waterloo Campaign: An Alternate History Volume 1

Jonathan North 2017-05-31 This compelling alternate history, brilliantly written by fourteen leading international authors, reveals how decisions may have been taken during some of the pivotal episodes of the Napoleonic Wars. The Napoleon Options focuses on some of the pivotal points of these Napoleonic War campaigns, giving them a new twist, and explores in detail as alternate sequence of historical events. Readied reality is in doubt, and projected from the future in fact, these dramatic and plausible possibilities are played out in ways that actually happened in dramatic and varied ways. The Napoleon Options presents two scenarios spanning the years 1798 and 1815. These include lid-blowing French invasion of England, a very real change in the 1798 Napoleon. Napoleon can seize control of Egypt and the Middle East. Junes occurred in Waterloo, the Austrian invasion of Bavaria in 1803, the Russian success at Waterloo, and what might have happened at Waterloo. Amongst the additional contributions in this new expanded edition are alternative outcomes to the battles of Elching, Austria, Pantons D’Oie, and New Orleans. These exploring narratives carefully illustrate how alternate outcomes might have resulted in reshaped events and demonstrate the far reaching consequences minor changes could have had upon the future course of history.
