Love Across Color Lines Ottilie Assing And Frederick Douglass

Love Across Color Lines - Maria Diedrich 2000-09-25 In this nuanced, sympathetic interpretation of two extraordinary lives, Maria Diedrich acquaints us with an important and little-known relationship. Ottilie Assing, an intrepid German journalist, met and interviewed Frederick Douglass in 1856, and it was an encounter that transformed the lives of both. Diedrich reveals in fascinating detail their intimate twenty-eight-year relationship, their shared intellectual and cultural interests, and their work together on Douglass's abolitionist writings. Love Across Color Lines is a profound meditation on nineteenth-century racial, class, and national boundaries, and offers new insights into the career of a preeminent American leader.

Love Across the Color Line - Alice Hanley 1996 This book examines a remarkable collection of twenty-seven letters written by a white working-class woman to her African American lover in 1907 and 1908. Stuffed inside a black lace stocking, the letters were hidden under the floorboards of a house in Northampton, Massachusetts, until their recent discovery. Reflecting the passions and anxieties of the moment, the letters were written by Alice Hanley, the daughter of Irish Catholic immigrants, to Channing Lewis, a cook in Springfield. Since the thoughts and feelings of women like Hanley have usually been filtered through middle-class reformers, her words provide a rare window into a realm of American social life seldom explored by historians. The letters are accompanied by essays that skillfully probe their larger meanings. Helen Lefkowitz Horowitz introduces the letters, placing them in the context of their time, while journalist Phoebe Rolin Mitchell recounts the story of their discovery. Kathy Peiss explores Hanley's life, her negotiation of illicit love, and her desire for respectability, re-creating a dense and textured world of home, church, and town. Historian Louis Wilson unearths the trail left by Lewis and members of his extended family in Springfield. Reviewing the experiences of African Americans in that city, Wilson clarifies the economic, social, and political position of a black, middle-aged breadwinner during the difficult years of the early twentieth century.

We are the Revolutionists - Mischa Honeck 2011 A Choice Magazine Outstanding Academic Title Widely remembered as a time of heated debate over the westward expansion of slavery, the 1850s in the United States was also a period of mass immigration. As the sectional conflict escalated, discontented Europeans came in record numbers, further dividing the young republic over issues of race, nationality, and citizenship. The arrival of German-speaking “Forty-Eighters,” refugees of the failed European revolutions of 1848–49, fueled apprehensions about the nation's future. Reaching America did not end the foreign revolutionaries' pursuit of freedom; it merely transplanted it. In We Are the Revolutionists,
Mischa Honeck offers a fresh appraisal of these exiled democrats by probing their relationship to another group of beleaguered agitators: America’s abolitionists. Honeck details how individuals from both camps joined forces in the long, dangerous battle to overthrow slavery. In Texas and in cities like Milwaukee, Cincinnati, and Boston this cooperation helped them find new sources of belonging in an Atlantic world unsettled by massive migration and revolutionary unrest. Employing previously untapped sources to write the experience of radical German émigrés into the abolitionist struggle, Honeck elucidates how these interethnic encounters affected conversations over slavery and emancipation in the United States and abroad. Forty-Eighters and abolitionists, Honeck argues, made creative use not only of their partnerships but also of their disagreements to redefine notions of freedom, equality, and humanity in a transatlantic age of racial construction and nation making.

Toni Morrison-Adrienne Lanier Seward 2014-08-12 Toni Morrison: Memory and Meaning boasts essays by well-known international scholars focusing on the author’s literary production and including her very latest works—the theatrical production Desdemona and her tenth and latest novel, Home. These original contributions are among the first scholarly analyses of these latest additions to her oeuvre and make the volume a valuable addition to potential readers and teachers eager to understand the position of Desdemona and Homewithin the wider scope of Morrison’s career. Indeed, in Home, we find a reworking of many of the tropes and themes that run throughout Morrison’s fiction, prompting the editors to organize the essays as they relate to themes prevalent in Home. In many ways, Morrison has actually initiated paradigm shifts that permeate the essays. They consistently reflect, in approach and interpretation, the revolutionary change in the study of American literature represented by Morrison’s focus on the interior lives of enslaved Africans. This collection assumes black subjectivity, rather than argues for it, in order to reread and revise the horror of slavery and its consequences into our time. The analyses presented in this volume also attest to the broad range of interdisciplinary specializations and interests in novels that have now become classics in world literature. The essays are divided into five sections, each entitled with a direct quotation from Home, and framed by two poems: Rita Dove’s “The Buckeye” and Sonia Sanchez’s “Aaayeee Babo, Aaayeee Babo, Aaayeee Babo.”

Anna Murray Douglass-Rosetta Douglass Sprague 2020-08-29 In this short pamphlet, Rosetta Douglass Sprague, daughter of Frederick Douglass, remembers her mother’s life.

Jewish Explorations of Sexuality-Jonathan Magonet 1995 Every religious community has been affected by the sexual revolution. The conflict between contemporary attitudes and traditional practices has led to major divisions and controversies, particularly when focused on issues such as homosexuality. This is the first attempt to take abroad look at both the Jewish pioneers of modern sexual thought and the impact of the revolution on our understanding of past Jewish practices and culture. For the first time the writings of leading scholars in the field from the United States and the United Kingdom have been brought together to explore these topics, and the book is essential reading for those academically or professionally engaged in areas ranging from counseling and pastoral work, to religious and...
social studies.

The Radical and the Republican: Frederick Douglass, Abraham Lincoln, and the Triumph of Antislavery Politics-James Oakes 2011-02-07 "A great American tale told with a deft historical eye, painstaking analysis, and a supple clarity of writing."—Jean Baker “My husband considered you a dear friend,” Mary Todd Lincoln wrote to Frederick Douglass in the weeks after Lincoln’s assassination. The frontier lawyer and the former slave, the cautious politician and the fiery reformer, the President and the most famous black man in America—their lives traced different paths that finally met in the bloody landscape of secession, Civil War, and emancipation. Opponents at first, they gradually became allies, each influenced by and attracted to the other. Their three meetings in the White House signaled a profound shift in the direction of the Civil War, and in the fate of the United States. James Oakes has written a masterful narrative history, bringing two iconic figures to life and shedding new light on the central issues of slavery, race, and equality in Civil War America.

The World Goes On-Laszlo Krasznahorkai 2017-11-02 Shortlisted for The Man Booker International Prize 2018 A Hungarian interpreter obsessed with waterfalls, at the edge of the abyss in his own mind, wanders the chaotic streets of Shanghai. A traveller, reeling from the sights and sounds of Varanasi, encounters a giant of a man on the banks of the Ganges ranting on the nature of a single drop of water. A child labourer in a Portuguese marble quarry wanders off from work one day into a surreal realm utterly alien from his daily toils. In The World Goes On, a narrator first speaks directly, tells twenty-one unforgettable stories, then bids farewell (‘for here I would leave this earth and these stars, because I would take nothing with me’). As László Krasznahorkai himself explains: 'Each text is about drawing our attention away from this world, speeding our body toward annihilation, and immersing ourselves in a current of thought or a narrative...' The World Goes On is another masterpiece by the winner of the 2015 Man Booker International Prize. 'The excitement of his writing,' Adam Thirlwell proclaimed in the New York Review of Books, ‘is that he has come up with his own original forms—there is nothing else like it in contemporary literature.’

Seiobo There Below-Laszlo Krasznahorkai 2015-05-07 Winner of the 2015 Man Booker International Prize Beauty, in Lszl Krasznahorkai's new novel, reflects, however fleeting, the sacred - even if we are mostly unable to bear it. In Seiobo There Below we see the Japanese goddess Seiobo returning to mortal realms in search of perfection. An ancient Buddha being restored; the Italian renaissance painter Perugino managing his workshop; a Japanese Noh actor rehearsing; a fanatic of Baroque music lecturing to a handful of old villagers; tourists intruding into the rituals of Japan's most sacred shrine; a heron as it gracefully hunts its prey. Told in chapters that sweep us across the world and through time, covering the furthest reaches of human experience, Krasznahorkai demands that we pause and ask ourselves these questions: What is sacred? How do we define beauty? What makes great art endure? Melancholic and mesmerisingly beautiful, this latest novel by the author of Satantango shows us how to glimpse the divine through extraordinary art and humanendeavour. Winner of Best Translated Book of the Year Award 2014 Translated by Ottilie
Frederick Douglass—David W. Blight 2020-01-07 **Winner of the Pulitzer Prize in History**

“Extraordinary...a great American biography” (The New Yorker) of the most important African-American of the nineteenth century: Frederick Douglass, the escaped slave who became the greatest orator of his day and one of the leading abolitionists and writers of the era. As a young man Frederick Douglass (1818–1895) escaped from slavery in Baltimore, Maryland. He was fortunate to have been taught to read by his slave owner mistress, and he would go on to become one of the major literary figures of his time. His very existence gave the lie to slave owners: with dignity and great intelligence he bore witness to the brutality of slavery. Initially mentored by William Lloyd Garrison, Douglass spoke widely, using his own story to condemn slavery. By the Civil War, Douglass had become the most famed and widely travelled orator in the nation. In his unique and eloquent voice, written and spoken, Douglass was a fierce critic of the United States as well as a radical patriot. After the war he sometimes argued politically with younger African Americans, but he never forsook either the Republican party or the cause of black civil and political rights. In this “cinematic and deeply engaging” (The New York Times Book Review) biography, David Blight has drawn on new information held in a private collection that few other historian have consulted, as well as recently discovered issues of Douglass’s newspapers. “Absorbing and even moving...a brilliant book that speaks to our own time as well as Douglass’s” (The Wall Street Journal), Blight’s biography tells the fascinating story of Douglass’s two marriages and his complex extended family. “David Blight has written the definitive biography of Frederick Douglass...a powerful portrait of one of the most important American voices of the nineteenth century” (The Boston Globe). In addition to the Pulitzer Prize, Frederick Douglass won the Bancroft, Parkman, Los Angeles Times (biography), Lincoln, Plutarch, and Christopher awards and was named one of the Best Books of 2018 by The New York Times Book Review, The Wall Street Journal, The Boston Globe, The Chicago Tribune, The San Francisco Chronicle, and Time.

White Fright—Jane Dailey 2020-11-17 A major new history of the fight for racial equality in America, arguing that fear of black sexuality has undergirded white supremacy from the start. In White Fright, historian Jane Dailey brilliantly reframes our understanding of the long struggle for African American rights. Those fighting against equality were not motivated only by a sense of innate superiority, as is often supposed, but also by an intense fear of black sexuality. In this urgent investigation, Dailey examines how white anxiety about interracial sex and marriage found expression in some of the most contentious episodes of American history since Reconstruction: in battles over lynching, in the policing of black troops' behavior overseas during World War II, in the violent outbursts following the Supreme Court’s decision in Brown v. Board of Education, and in the tragic story of Emmett Till. The question was finally settled -- as a legal matter -- with the Court’s definitive 1967 decision in Loving v. Virginia, which declared interracial marriage a "fundamental freedom." Placing sex at the center of our civil rights history, White Fright offers a bold new take on one of the most confounding threads running through American history.
**Heavy**-Kiese Laymon 2018-10-16 *Named a Best Book of 2018 by the New York Times, Publishers Weekly, NPR, Broadly, BuzzFeed (Nonfiction), The Undefeated, Library Journal (Biography/Memoirs), The Washington Post (Nonfiction), Southern Living (Southern), Entertainment Weekly, and The New York Times Critics* In this powerful, provocative, and universally lauded memoir—winner of the Andrew Carnegie Medal and finalist for the Kirkus Prize—genre-bending essayist and novelist Kiese Laymon “provocatively meditates on his trauma growing up as a black man, and in turn crafts an essential polemic against American moral rot” (Entertainment Weekly). In Heavy, Laymon writes eloquently and honestly about growing up a hard-headed black son to a complicated and brilliant black mother in Jackson, Mississippi. From his early experiences of sexual violence, to his suspension from college, to time in New York as a college professor, Laymon charts his complex relationship with his mother, grandmother, anorexia, obesity, sex, writing, and ultimately gambling. Heavy is a “gorgeous, gutting...generous” (The New York Times) memoir that combines personal stories with piercing intellect to reflect both on the strife of American society and on Laymon’s experiences with abuse. By attempting to name secrets and lies he and his mother spent a lifetime avoiding, he asks us to confront the terrifying possibility that few in this nation actually know how to responsibly love, and even fewer want to live under the weight of actually becoming free. “A book for people who appreciated Roxane Gay’s memoir Hunger” (Milwaukee Journal Sentinel), Heavy is defiant yet vulnerable, an insightful, often comical exploration of weight, identity, art, friendship, and family through years of haunting implosions and long reverberations. “You won’t be able to put [this memoir] down...It is packed with reminders of how black dreams get skewed and deferred, yet are also pregnant with the possibility that a kind of redemption may lie in intimate grappling with black realities” (The Atlantic).

**Women in the World of Frederick Douglass**-Leigh Fought 2017 "In his extensive writings, Frederick Douglass revealed little about the private side of his life. But Douglass had a complicated array of relationships with women: white and black, wives and lovers, mistresses-owners, and sisters and daughters. Leigh Fought aims to reveal more about the life of the famed abolitionist off the public stage. She begins with the women he knew during his life as a slave--his mother, whom he barely knew; his grandmother, who raised him; and his slave mistresses, including the one who taught him how to read. Readers will learn about Douglass's two wives--Anna Murray, a free woman who helped him escape to freedom and become a famous speaker herself, and later Helen Pitts, a white woman who was politically engaged and played the public role of the wife of a celebrity. Also central to Douglass's story were women involved in the abolitionist and reform movements, including two white women, Julia Griffiths and Ottilia Assing, critical to the success of his abolitionist newspaper. At the same time, white female abolitionists would be among Douglass's chief critics when he supported the 15th amendment that denied the vote to women, and black women, such as Ida B. Wells-Barnett, would become some of his new political collaborators. Fought also looks at the next generation, specifically through Douglass's daughter Rosetta, who literally acted as a go-between for her parents, since her mother, Anna Murray, had limited literacy. This biography of the circle of women around Frederick Douglass promises to show the connections between his public and private life, as well as reveal connections among enslaved women, free black women, abolitionist circles, and nineteenth-century politics and culture in the North and South before and after the Civil War"--
**Long Division**-Kiese Laymon 2021-06-01 From Kiese Laymon, author of the critically acclaimed memoir *Heavy*, comes a “funny, astute, searching” (The Wall Street Journal) debut novel about Black teenagers that is a satirical exploration of celebrity, authorship, violence, religion, and coming of age in post-Katrina Mississippi. Written in a voice that’s alternately humorous, lacerating, and wise, *Long Division* features two interwoven stories. In the first, it’s 2013: after an on-stage meltdown during a nationally televised quiz contest, fourteen-year-old Citoyen “City” Coldson becomes an overnight YouTube celebrity. The next day, he’s sent to stay with his grandmother in the small coastal community of Melahatchie, where a young girl named Baize Shephard has recently disappeared. Before leaving, City is given a strange book without an author called *Long Division*. He learns that one of the book’s main characters is also named City Coldson—but *Long Division* is set in 1985. This 1985-version of City, along with his friend and love interest, Shalaya Crump, discovers a way to travel into the future, and steals a laptop and cellphone from an orphaned teenage rapper called...Baize Shephard. They ultimately take these items with them all the way back to 1964, to help another time-traveler they meet to protect his family from the Ku Klux Klan. City’s two stories ultimately converge in the work shed behind his grandmother’s house, where he discovers the key to Baize’s disappearance. Brilliantly “skewering the disingenuous masquerade of institutional racism” (Publishers Weekly), this dreamlike “smart, funny, and sharp” (Jesmyn Ward), novel shows the work that young Black Americans must do, while living under the shadow of a history “that they only gropingly understand and must try to fill in for themselves” (The Wall Street Journal).

**Elective Affinities**-Johann Goethe 2012

**The Ward of King Canute**-Ottile A. Liljencrantz 2019-12-03 "The Ward of King Canute" by Ottile A. Liljencrantz. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

**A Mythic Journey**-Edward Diller 2021-10-21 Although *The Tin Drum* has often been called one of the great novels of the 20th century, most critics have been baffled in attempting to draw its apparent chaos into a single literary framework. Here is the full-length study to penetrate the brilliance of Gunter Grass’s style and uncover the novel’s mythopoetic core. In *A Mythic Journey*: Gunter Grass’s *Tin Drum*, author Edward Diller convincingly demonstrates the still valid relationship between modern and classical literary criticism. By reading *The Tin Drum* as both modern myth and historical epic, he provides a profound and sensitive interpretation of one of the masterpieces of 20th century literature.

**Goethe: Life as a Work of Art**-Rüdiger Safranski 2017-05-16 This “splendid biography” (Wall Street Journal) of Goethe presents his life and work as an essential touchstone for the
modern age. A masterful intellectual portrait, Goethe: Life as a Work of Art is celebrated as the seminal twenty-first-century biography of the writer considered to be the Shakespeare of German literature. Johann Wolfgang von Goethe (1749-1832), a remarkably prolific poet, playwright, novelist, and—as Rüdiger Safranski emphasizes—a statesman and naturalist, first awakened not only a burgeoning German nation but the European continent with his electrifying novel The Sorrows of Young Werther. Safranski has scoured Goethe’s entire oeuvre, relying exclusively on primary sources, including his correspondence with contemporaries, to produce a “fresh and authentic” (Economist) portrait of the avatar of the Romantic era. Skillfully blending “artistic analysis with swift, sharp renderings” of the great political and intellectual figures Goethe encountered, “[Safranski’s] portrait of the prolific genius leaves the reader with lasting awe, even envy” of a monumental legacy (The New Yorker). As Safranski ultimately shows, Goethe’s greatest creation, even in comparison to his masterpiece Faust, was his own life.

The Black Hearts of Men- John Stauffer 2004-03-30 Drawing on the largest extant bi-racial correspondence in the Civil War era, this book braids together Gerrit Smith, Frederick Douglass, James McCune Smith, and John Brown's struggles to reconcile ideals of justice with the reality of slavery and oppression.

The World as Will and Representation- Arthur, Schopenhauer 2016-09-28 The World as Will and Representation is the central work of the German philosopher Arthur Schopenhauer. One of the most important philosophical works of the nineteenth century, the basic statement of one important stream of post-Kantian thought. It is without question Schopenhauer's greatest work. Conceived and published before the philosopher was 30 and expanded 25 years later, it is the summation of a lifetime of thought. "...This book will be of interest to general readers, undergraduates, graduates, and scholars in the field." --George Lăzăroiu, PhD, Institute of Interdisciplinary Studies in Humanities and Social Sciences, New York, Analysis and Metaphysics

Giants- John Stauffer 2008-11-03 Frederick Douglass and Abraham Lincoln were the preeminent self-made men of their time. In this masterful dual biography, award-winning Harvard University scholar John Stauffer describes the transformations in the lives of these two giants during a major shift in cultural history, when men rejected the status quo and embraced new ideals of personal liberty. As Douglass and Lincoln reinvented themselves and ultimately became friends, they transformed America. Lincoln was born dirt poor, had less than one year of formal schooling, and became the nation's greatest president. Douglass spent the first twenty years of his life as a slave, had no formal schooling-in fact, his masters forbade him to read or write-and became one of the nation's greatest writers and activists, as well as a spellbinding orator and messenger of audacious hope, the pioneer who blazed the path traveled by future African-American leaders. At a time when most whites would not let a black man cross their threshold, Lincoln invited Douglass into the White House. Lincoln recognized that he needed Douglass to help him destroy the Confederacy and preserve the Union; Douglass realized that Lincoln's shrewd sense of public opinion would serve his own goal of freeing the nation's blacks. Their relationship
shifted in response to the country's debate over slavery, abolition, and emancipation. Both were ambitious men. They had great faith in the moral and technological progress of their nation. And they were not always consistent in their views. John Stauffer describes their personal and political struggles with a keen understanding of the dilemmas Douglass and Lincoln confronted and the social context in which they occurred. What emerges is a brilliant portrait of how two of America's greatest leaders lived.

**The World of Yesterday** - Stefan Zweig 1964-01-01
Stefan Zweig (1881–1942) was a poet, novelist, and dramatist, but it was his biographies that expressed his full genius, recreating for his international audience the Elizabethan age, the French Revolution, the great days of voyages and discoveries. In this autobiography he holds the mirror up to his own age, telling the story of a generation that "was loaded down with a burden of fate as was hardly any other in the course of history." Zweig attracted to himself the best minds and loftiest souls of his era: Freud, Yeats, Borgese, Pirandello, Gorky, Ravel, Joyce, Toscanini, Jane Addams, Anatole France, and Romain Rolland are but a few of the friends he writes about.

**Tiger-lilies** - Sidney Lanier 1867
"Tiger-Lilies is actually a somewhat autobiographical book. In it, Lanier analyzes the relationship between a Northerner and a Southerner throughout the Civil War. As a Southerner who had fought for the Confederate army, Lanier had experienced the war firsthand, both on the battlefield and as a prisoner of war. These experiences are recognizable in the battle scenes especially, which are considered some of the most realistic representations of Civil War combat in literature. Ultimately, Tiger-Lilies can be interpreted as an anti-war novel and one of Lanier's less successful endeavors in the course of his career."--The History Engine.

**The Course of Love** - Alain de Botton 2016-06-14
We all know the headiness and excitement of the early days of love. But what comes after? In Edinburgh, a couple, Rabih and Kirsten, fall in love. They get married, they have children but no long-term relationship is as simple as happily ever after. "The Course of Love" is a novel that explores what happens after the birth of love, what it takes to maintain love, and what happens to our original ideals under the pressures of an average existence.

**Frederick Douglass** - Frederic May Holland 1891

**Louise** - Diana Nixon 2015-03-16
It doesn't hurt to dream, unless you know your dreams will never come true. Since childhood, Louise Woods has wanted to become a dancer. The day she arrives at Le Papillon - a private cabaret club where men come to enjoy the beauty of women dancing, her life completely changes. Louise lives in the club and the rules of living and working there cannot be ignored or broken. Either you do your best to please the clients, or you are out. No flirting, no secret affairs, just dancing. During her first public show, Louise meets a stranger who pays for the privilege to have her privately dance for him. He won't let her see his face, he won't even introduce himself, but he will make an
offer that she won't be able to refuse. He won't make any hollow promises, but he will make her believe she is special... "I hate following the rules," he'll say, "but I do love breaking them." Will she dare to risk losing everything she has, just to make the darkest of the stranger's fantasies come true? Once the decision is made, there will be no way back...

**Ecce and Old Earth**-Jack Vance 1991 The planet Cadwal is a governed by a Conservancy and is the property of the Nuralist Society. Wayness Tamm and Glawen Clattuc search for the deed and charter which have been sold by an unscrupulous official to an antique dealer.

**Lost in the Antarctic: The Doomed Voyage of the Endurance (Lost #4)**-Tod Olson 2019-01-01 Climb aboard the doomed ship Endurance to join famed explorer Ernest Shackleton and his crew who must battle the frigid Antarctic elements to survive being stranded at the edge of the world.

**Loving**-Sheryll Cashin 2017-06-06 How interracial love and marriage changed American history, and continues to alter the landscape of American politics. When Mildred and Richard Loving wed in 1958, they were ripped from their shared bed and taken to court. Their crime: miscegenation, punished by exile from their home state of Virginia. The resulting landmark decision of Loving v. Virginia ended bans on interracial marriage and remains a signature case—the first to use the words “white supremacy” to describe such racism. Drawing from the earliest chapters in US history, legal scholar Sheryll Cashin reveals the enduring legacy of America’s original sin, tracing how we transformed from a country without an entrenched construction of race to a nation where one drop of nonwhite blood merited exclusion from full citizenship. In vivid detail, she illustrates how the idea of whiteness was created by the planter class of yesterday and is reinforced by today’s power-hungry dog-whistlers to divide struggling whites and people of color, ensuring plutocracy and undermining the common good. Not just a hopeful treatise on the future of race relations in America, Loving challenges the notion that trickle-down progressive politics is our only hope for a more inclusive society. Accessible and sharp, Cashin reanimates the possibility of a future where interracial understanding serves as a catalyst of a social revolution ending not in artificial color blindness but in a culture where acceptance and difference are celebrated.

**The Story of Harold**-Terry Andrews 1974

**The Good Lord Bird**-James McBride 2013-08-20 Now a Showtime limited series starring Ethan Hawke and Daveed Diggs Winner of the National Book Award for Fiction From the bestselling author of Deacon King Kong (an Oprah Book Club pick) and The Color of Water
comes the story of a young boy born a slave who joins John Brown’s antislavery crusade—and who must pass as a girl to survive. Henry Shackleford is a young slave living in the Kansas Territory in 1856—a battleground between anti- and pro-slavery forces—when legendary abolitionist John Brown arrives. When an argument between Brown and Henry’s master turns violent, Henry is forced to leave town—along with Brown, who believes Henry to be a girl and his good luck charm. Over the ensuing months, Henry, whom Brown nicknames Little Onion, conceals his true identity to stay alive. Eventually Brown sweeps him into the historic raid on Harpers Ferry in 1859—one of the great catalysts for the Civil War. An absorbing mixture of history and imagination, and told with McBride’s meticulous eye for detail and character, The Good Lord Bird is both a rousing adventure and a moving exploration of identity and survival.

**The United States of the United Races**-Greg Carter 2013-04-22 “This provocative, ambitious, and important book rewrites U.S. history, placing foundational leaders, unheralded prophets, insurgent social movements, pivotal judicial decisions, and central cultural values within an unfolding story of ongoing appeals to interracial mixing as a positive good. Deeply researched, deftly argued, and impressively able to move beyond the two categories of black and white, The United States of the United Races makes the mixed race movements of the recent past resonate with their many antecedents, showing the complex ways in which an emphasis on mixture has both deployed and destabilized racial categories.” —David Roediger, co-author of The Production of Difference Barack Obama’s historic presidency has re-inserted mixed race into the national conversation. While the troubled and pejorative history of racial amalgamation throughout U.S. history is a familiar story, The United States of the United Races reconsiders an understudied optimist tradition, one which has praised mixture as a means to create a new people, bring equality to all, and fulfill an American destiny. In this genealogy, Greg Carter re-envisions racial mixture as a vehicle for pride and a way for citizens to examine mixed America as a better America. Tracing the centuries-long conversation that began with Hector St. John de Crevecoeur’s Letters of an American Farmer in the 1780s through to the Multiracial Movement of the 1990s and the debates surrounding racial categories on the U.S. Census in the twenty-first century, Greg Carter explores a broad range of documents and moments, unearthing a new narrative that locates hope in racial mixture. Carter traces the reception of the concept as it has evolved over the years, from and decade to decade and century to century, wherein even minor changes in individual attitudes have paved the way for major changes in public response. The United States of the United Races sweeps away an ugly element of U.S. history, replacing it with a new understanding of race in America. Greg Carter is Assistant Professor of History at the University of Wisconsin-Milwaukee.

**A Useful Woman**-Gioia Diliberto 1999-07-07 Documents the early life of Jane Addams, the founder of Hull House and a Nobel Peace Prize-winner, discusses her mental health, and her place in history

**Frederick Douglass**-L. Diane Barnes 2013 Frederick Douglass was born a slave in Talbot County, Maryland, in February, 1818. From these humble beginnings, Douglass went on to
become a world-famous orator, newspaper editor, and champion of the rights of women and African Americans. He was the most prominent African American activist of the 19th century. He remains important in American history because he moved beyond relief at his own personal freedom to dedicating his life to the progress of his race and his country. This volume offers a short biographical exploration of Douglass' life in the broader context of the 19th century world, and pulls together some of his most important writings on slavery, civil rights, and political issues. Bolstered by the series website, which provides instructors with more images and documents, as well as targeted links to further research, Frederick Douglass: Reformer and Statesman gives the student of American history a fully-rounded glimpse into the world inhabited by this great figure.

Resources for American Literary Study-Jackson R. Bryer 2010-03-31

Women-Charles Bukowski 2009-10-13 Low-life writer and unrepentant alcoholic Henry Chinaski was born to survive. After decades of slacking off at low-paying dead-end jobs, blowing his cash on booze and women, and scrimping by in flea-bitten apartments, Chinaski sees his poetic star rising at last. Now, at fifty, he is reveling in his sudden rock-star life, running three hundred hangovers a year, and maintaining a sex life that would cripple Casanova. With all of Bukowski's trademark humor and gritty, dark honesty, this 1978 follow-up to Post Office and Factotum is an uncompromising account of life on the edge.

A Tapestry of Light-Kimberly Duffy 2021-03-16 Calcutta, 1886. Ottilie Russell is adrift between two cultures, British and Indian, belonging to both and neither. In order to support her little brother, Thaddeus, and her grandmother, she relies upon her skills in beetle-wing embroidery that have been passed down to her through generations of Indian women. When a stranger appears with the news that Thaddeus is now Baron Sunderson and must travel to England to take his place as a nobleman, Ottilie is shattered by the secrets that come to light. Despite her growing friendship with Everett Scott, friend to Ottilie's English grandmother and aunt, she refuses to give up her brother. Then tragedy strikes, and she is forced to make a decision that will take Thaddeus far from death and herself far from home. But betrayal and loss lurk in England, too, and soon Ottilie must fight to ensure Thaddeus doesn't forget who he is, as well as find a way to stitch a place for herself in this foreign land.

The Color Line-Frederick Douglass 2021-03-26 The Color Line was a commonly used phrase in the 19th Century referring to the stark division between black and white citizens of the United States. In one of his best works, Frederik Douglass laments its continued influence and analyzes why post-emancipation integration was failing. Unfortunately, this work remains highly relevant.

American World Literature: An Introduction-Paul Giles 2019-02-04 A scholarly review of American world literature from early times to the postmodernist era American World
Literature: An Introduction explores how the subject of American Literature has evolved from a national into a global phenomenon. As the author, Paul Giles – a noted expert on the topic – explains, today American Literature is understood as engaging with the wider world rather than merely with local or national circumstances. The book offers an examination of these changing conceptions of representation in both a critical and an historical context. The author examines how the perception of American culture has changed significantly over time and how this has been an object of widespread social and political debate. From examples of early American literature to postmodernism, the book charts ways in which the academic subject areas of American Literature and World Literature have converged – and diverged – over the past generations. Written for students of American literature at both undergraduate and postgraduate levels and in all areas of historical specialization, American World Literature offers an authoritative guide to global phenomena of American World literature and how this subject has undergone crucial changes in perception over the past thirty years.
